Project Learning Tree's (PLT) *Trees & Me: Activities for Exploring Nature with Young Children* includes 12 activities and more than 250 learning experiences for families and teachers to connect children ages 1–6 to nature with a focus on trees. Educators will learn through fun, indoor and outdoor activities where toddlers and preschoolers explore nature through their senses, experience trees throughout the seasons, and connect with their community. Formal and informal educators are welcome.

During this fun, hands-on training you will:

- Practice modeling PLT activities and get tips for lesson planning specific to your educational setting.
- Learn new teaching skills and become comfortable teaching outdoors.
- Receive PLT's early childhood *Trees & Me* guide.
- Establish access to a professional network and support system.
- Earn continuing education credits.

PLT's Early Childhood Curriculum contains correlations for NAEYC, Head Start, NAAEE, Natural Start Alliance, NGSS, Common Core, and C3 Framework.
